## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6 and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. Claim 6 is unclear. Does applicant mean that a) the alcohol is drawn from the list consisting of methanol and ethanol or b) the solvent is in fact "methanol and ethanol" i.e. a mixture of the two. Claim 6 could be read either way. If a) is intended, the wording format of claim 8 is suggested.
2. Claim 11 is worded clumsily, so it is very unclear what is being said

JP 2004002451 A is the closest prior art, but as the inventors are the same, it is not prior art under 35 USC 102a, and as it is a Kokai, it does not qualify as prior art under 35 USC 102d.

### ***Specification***

The abstract is objected to as vague. The two formulae need to be inserted.

### ***Oath/Declaration***

The oath states that priority is not claimed for three foreign applications, two of which are outside the one year period. However, applicants submitted, on the same day that the oath was submitted, a claim for priority for two applications (one of which is

Art Unit: 1624

outside the 1 year period), along with the papers for those two, even though the transmittal letter did not check the box for priority claim. These discrepancies must be addressed.
